## Credit Union ONE Board of Directors Names Gary A. Moody New President/CEO

Ferndale, Michigan: Credit Union ONE's Board of Directors has announced the appointment of Gary A. Moody as the new president and chief executive officer for the \$750 million dollar credit union, effective immediately. Moody has been serving as interim CEO since April, 2006, while his predecessor, Armando R. Cavazos, was on a leave of absence, prior to retiring from the credit union in October.

Moody served as vice president of strategic alliances and chief counsel for Credit Union ONE and their affiliates before taking on the role of interim CEO. He was also the president of ONE's Financial Services Inc, the financial planning and insurance subsidiary of Credit Union ONE. Prior to joining the credit union, Moody was in a private law and consulting practice serving financial institutions. His credit union background includes four years as vice president of government and public affairs for the Michigan Credit Union League, and two years with Michigan's financial institutions regulatory agency. At the Michigan Credit Union League he was chief lobbyist and public relations coordinator for the state's credit union trade association. Moody was also a member of the Credit Union ONE Board of Directors for four years prior to joining the executive team.

**“We are delighted Mr. Moody has chosen to accept the position of president and chief executive officer of Credit Union ONE. Gary’s leadership skills, professional background, personal integrity and focus on our member-owners are the qualities needed to lead our credit union. As interim CEO, he led the executive team in an exemplary manner, addressing the many challenges that are inherent in business, while staying focused on bringing value back to our member-owners,” said Credit Union ONE Chairman of the Board, William G. Coyne.**

A Michigan resident for most of his life, Moody earned a bachelor's degree with a major in social science-teaching from Michigan State University, and his juris doctorate from Detroit College of Law.

Headquartered in Ferndale Michigan, for over 65 years, Credit Union ONE offers checking accounts, mortgages, savings investments, consumer loans, small business loans and financial planning services to over 115,000 members and small business statewide.
