ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of interest to be paid on an account based on the interest

rate and frequency of compounding for an annual period. For Personal Savings and YouthSaver accounts, the interest rate and annual percentage yield may change at any time as determined by the Credit Union’s Board of Directors. For IRA/Roth IRA Savings, Coverdell Education Savings, Money Market, Cash Back Checking, Cash Back

Student Checking and Business Interest Checking accounts, the interest rate and annual percentage yield may change quarterly as determined by the Credit Union’s Board of Directors. The Personal Savings, Money Market, Cash Back Checking, and Cash Back Student Checking accounts are tiered rate accounts. The balance

ranges and corresponding interest rates and annual percentage yields applicable to each tier are disclosed in a separate Rate Schedule. Once a particular range is met, the interest rate and annual percentage yield for that balance range will apply to the full balance of your account.

2. INTEREST COMPOUNDING AND CREDITING — The compounding and crediting frequency applicable to each account is set forth in the Rate Schedule.

3. ACCRUAL OF INTEREST — For all earning accounts, interest will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. If you close your account before accrued interest is credited, you will not receive the accrued interest.

4. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit the minimum required share(s) in a Membership Share account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Personal Savings, Cash Back Checking and Business Interest Checking accounts, there is a minimum daily balance required to avoid a service fee for the calendar month. If the minimum daily balance requirement is not met each day of the crediting period, you will be charged a service fee as stated in the Fee Schedule. For Money Market, Cash Back Checking, Cash Back Student Checking, and Business Interest Checking accounts, there is a minimum daily balance required to earn the annual percentage yield disclosed for the crediting period. If the minimum daily balance requirement is not met each day of the crediting period, you will not earn the stated annual percentage yield. For accounts using the daily balance method as stated in the Rate Schedule, interest is calculated by applying a daily periodic rate to the principal in the account each day.

5. ACCOUNT LIMITATIONS — For Personal Savings, YouthSaver and Money Market accounts, you may make no more than six (6) transfers and withdrawals from your account to another account of yours or to a third party in any month by means of a preauthorized, automatic, or Internet transfer, by telephonic order or instruction, or by check, draft, debit card or similar order. If you exceed these limitations, your account may be subject to a fee or be closed. For Coverdell Education Savings accounts, withdrawals for educational purposes only and used by age 30 or account must be converted to Regular IRA. For IRA/Roth IRA Savings, Basic Checking, Cash Back

Checking, Cash Back Student Checking, and Business Interest Checking accounts, no account limitations apply.

6. FEES FOR OVERDRAWING ACCOUNTS — Fees for overdrawing your account may be imposed on each check, draft, item, ATM transaction and one-time debit card transaction (if member has consented to overdraft protection plan for ATM and one-time debit card transactions), preauthorized automatic debit, telephone initiated withdrawal or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in your account may not be available for withdrawal, transfer or paying a check, draft or item. You may consult the Funds Availability Policy Disclosure for information regarding the availability of funds in your account. Fees for overdrawing your account may be imposed for each overdraft, regardless of whether we pay or return the draft, item or transaction. If we have approved an overdraft protection limit for your account, such fees may reduce your approved limit. Please refer to the Fee Schedule for current fee information.

For ATM and one-time debit card transactions, you must consent to the Credit Union's overdraft protection plan in order for the transaction amount to be covered under the plan. Without your consent, the Credit Union may not authorize and pay an overdraft resulting from these types of transactions. Services and fees for overdrafts are shown in the document the credit union uses to capture the member's opt-in choice for overdraft protection and the Schedule of Fees and Charges.

7. MEMBERSHIP — As a condition of membership, you must purchase and maintain the minimum required share(s) as set forth below.

ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of interest to be paid on an account based on the interest rate and frequency of compounding for an annual period. For all accounts, the interest rate and annual percentage yield are fixed and will be in effect for the initial term of the account. The Certificate of Deposit and IRA Certificate of Deposit accounts are tiered rate accounts. The balance ranges and corresponding interest rates and annual percentage yields applicable to each tier are disclosed in a separate Rate Schedule. Once a particular range is met, the interest rate and annual percentage

yield for that balance range will apply to the full balance of your account. For accounts subject to interest compounding, the annual percentage yield is based on an assumption that interest will remain on deposit until maturity. A withdrawal of interest will reduce earnings.

2. INTEREST COMPOUNDING AND CREDITING — The compounding and crediting frequency of interest applicable to each account is stated in the Rate Schedule. At your option, you may choose to have interest credited to your certificate account or paid to you by check. If you elect to have interest paid to you by check, compounding will not apply.

3. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit the minimum required share(s) in a Membership Share account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Certificate of Deposit and IRA Certificate of Deposit accounts, interest is calculated by the daily balance method which applies a daily periodic rate to the principal in the account each day.

4. ACCRUAL OF INTEREST — For Certificate of Deposit and IRA Certificate of Deposit accounts, interest

will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account.

5. TRANSACTION LIMITATIONS — For all accounts, your ability to make deposits to your account and any limitations on such transactions are stated in the Rate Schedule. After your account is opened, you may make withdrawals subject to the early withdrawal penalties stated below and your account will be closed. Partial withdrawals are not allowed.

6. MATURITY — Your account will mature as stated on this Truth-in-Savings Disclosure or on your Account Receipt or Renewal Notice.

7. EARLY WITHDRAWAL PENALTY — We may impose a penalty if you withdraw funds from your account before the maturity date.

a. Amount of Penalty. For Certificate of Deposit and IRA Certificate of Deposit accounts, the amount of the early withdrawal penalty is based on the term of your account. The penalty schedule is as follows:

Terms of 6 months or less	30 days' interest
Terms of 12 months	90 days' interest
Terms of longer than 12 months	180 days' interest

b. How the Penalty Works. The penalty is calculated as a forfeiture of part of the interest that has been or would be earned on the account. It applies whether or not the interest has been earned. In other words, if the account has not yet earned enough interest or if the interest has already been paid, the penalty will be deducted from the principal.

c. Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances:

(i) When an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.

(ii) Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after the establishment of the account; or where the account is a Keogh Plan (Keogh), provided that the depositor forfeits an amount at least equal to the simple interest earned in the amount withdrawn; or where the account is an IRA or Keogh and the owner attains age 59½ or becomes disabled.

8. RENEWAL POLICY — The renewal policy for your accounts is stated in the Rate Schedule. For accounts that automatically renew for another term, you have a

grace period of seven (7) days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.

9. NONTRANSFERABLE/NONNEGOTIABLE — Your account is nontransferable and nonnegotiable.

10. MEMBERSHIP — As a condition of membership, you must purchase and maintain the minimum required share(s) as set forth below.

Par Value of One Share	\$1.00 (funded by the Credit Union)

ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-in-Savings Disclosure are share accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. The dividend rates and annual percentage yields are the rates and yields as of the last dividend declaration date that is set forth in the Rate Schedule.

2. NATURE OF DIVIDENDS — Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

3. DIVIDEND COMPOUNDING AND CREDITING — The compounding and crediting frequency of dividends and the dividend period applicable to each account are stated in the Rate Schedule. The dividend period is the period of time at the end of which an account earns dividend credit. The dividend period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. ACCRUAL OF DIVIDENDS — For all earning accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. If you close your account before accrued dividends are credited, you will not receive the accrued dividends.

5. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit the minimum required share(s) in a Membership Share account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule.

6. ACCOUNT LIMITATIONS — For Membership Share accounts, no account limitations apply.

7. FEES FOR OVERDRAWING ACCOUNTS — Fees for overdrawing your account may be imposed on each check, draft, item, ATM transaction and one-time debit card transaction (if member has consented to overdraft protection plan for ATM and one-time debit card transactions), preauthorized automatic debit, telephone initiated withdrawal or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in your account may not be available for withdrawal, transfer or paying a check, draft or item. You may consult the Funds Availability Policy Disclosure for information regarding the availability of funds in your account. Fees for overdrawing your account may be imposed for each overdraft, regardless of whether we pay or return the draft, item or transaction. If we have approved an overdraft protection limit for your account, such fees may reduce your approved limit. Please refer to the Fee Schedule for current fee information.

For ATM and one-time debit card transactions, you must consent to the Credit Union's overdraft protection plan in order for the transaction amount to be covered under the

plan. Without your consent, the Credit Union may not authorize and pay an overdraft resulting from these types of transactions. Services and fees for overdrafts are shown in the document the Credit Union uses to capture the member's opt-in choice for overdraft protection and the Schedule of Fees and Charges.

8. MEMBERSHIP — As a condition of membership, you must purchase and maintain the minimum required share(s) as set forth below.

Par Value of One Share \$1.00 (funded by the Credit Union)
Number of Shares Required 1

9. RATES - The rates and fees appearing with this Schedule are accurate as of the last dividend declaration date indicated on this Truth-in-Savings Disclosure. If you have any questions or require current rate and fee information on your accounts, please call the Credit Union.

10. FEES — See separate fee schedule for a listing of fees and charges applicable to your account(s).
